**ALLIANCE KOZMETİK Sanayi ve Ticaret A.Ş.** prioritizes environmental protection, efficient use of natural resources, and energy conservation in all stages of our operations.

### **Our Principles**

- **Legal Compliance:** We comply with all national and international laws, regulations, and standards related to environment and energy.
- **Conservation of Natural Resources:** We minimize waste by ensuring efficient use of water, energy, and raw materials.
- **Waste Management:** We reduce waste generated in production processes, support recycling, and safely dispose of hazardous waste.
- **Energy Efficiency:** We implement technologies to reduce energy consumption and promote the use of renewable energy sources.
- **Continuous Improvement:** We continuously monitor, measure, and improve our environmental impact and energy performance.
- **Employee Engagement:** We support all our employees in receiving training on environmental awareness and energy efficiency.
- **Sustainability:** We prioritize environmentally friendly and sustainable solutions in product development and production.

### **Our Commitment**

At **Alliance Kozmetik** , we aim to create a corporate culture conscious of the environment and energy, leaving a more livable world for future generations.
